

City of Lenexa, Kansas Fire Department

"CFAI • Internationally Accredited Agency"

All Automatic External Defibrillators (AEDs) purchased or acquired must be registered with the area emergency services provider under [Kansas Statute 65-6149a](#). The Mid-America Regional Council Emergency Rescue Committee (MARCER) has established an online registration system that will allow AED owners to meet state registration and local emergency notification requirements quickly and easily. This allows first responders and emergency medical dispatchers to aid in the use and location of the AED during a medical emergency.

Register your AED(s) at:

[AED Registry | MARC](#)
